### Graduate Credit Permission Form

This form is used to request permission to enroll in graduate courses by a student who is currently enrolled in an undergraduate degree program. The form requires the student to provide information about the courses they wish to take, the credit hours, and their anticipated academic performance. It also requires signatures from the student, the advisor, and the Graduate School Representative. The form is available online at the University of Maryland's Graduate School website.

- **Required only for a 3 credit course "banked" for the Graduate degree in addition to the 9 shared credits.**

### Combined Bachelor’s/Master’s Degrees Form

This form is used to request transfer or inclusion of credit for the Master’s degree. The form requires the student to provide information about the courses they wish to transfer, the credit hours, and their anticipated academic performance. It also requires signatures from the student, the advisor, and the Graduate School Representative. The form is available online at the University of Maryland's Graduate School website.

- **To be completed first semester of Master's program.**

**Universities of Maryland College Park Graduate School**

Request for Transfer or Inclusion of Credit for the Master's Degrees

Before completing this form, please visit the University's website at [gradschool.umd.edu](https://gradschool.umd.edu) for detailed information about the process of transferring credit.

- **Name:** Student University ID Number (UID)
- **Address:**
- **Local Phone:**
- **Email:**

The following courses are to be included in the cumulative 3.0 GPA for the graduate program. The total of graduate and undergraduate credits attempted in any semester may not be more than eighteen. The Graduate School will forward a copy of this form to Undergraduate College, Registration and student.

---

**Combined Bachelor's/Master's Degrees**

An undergraduate degree-seeking student at the University of Maryland may, with the approval of the department of the University, offering the course, and after consultation with the department offering the course, take up to 9 credits under the combined bachelor's/master's program. This option is not available to students who are enrolled as graduate students. The student must submit a plan of study that shows that the graduate courses will not unduly delay completion of requirements towards any of the requirements for the undergraduate degree. A maximum of twelve credits may be taken for graduate credit by a student while enrolled as an undergraduate degree-seeking student at this university or elsewhere. Students eligible for this option normally will have achieved Junior standing, will have a GPA of at least 3.0, and will have successfully completed the prerequisite courses with a grade of "B" or better. The student must submit a plan of study that shows that taking graduate courses will not unduly delay completion of requirements toward the Master's degree. The Graduate School will forward a copy of this form to Undergraduate College, Registration, and the student.
